

Avionics Installation Survey

Latitude 13 Aviation, Co. Ltd.

Thank you for your interest in purchasing avionics from Latitude 13 Aviation.
To assist in quoting equipment and installation costs, please answer the following.

Aircraft manufacturer, type and year (example: 2016 Cessna 208B Caravan):

Aircraft serial number(s) & registration(s):

Aircraft registered owner/operator:

Aircraft location/ installation location:

Requested installation date:

Is this equipment being installed to replace existing equipment (Yes/No), If yes, what is the manufacturer and model equipment (example: Garmin 430W GPS/NAV/COM):

What existing equipment will the new installation need to interface to? (Example: G600 PFD, MFD, weather radar, transponder, ADF, etc)

Are any software enablements required? (Example: 3rd party autopilot interface, TAWS, 16W transmit, etc.)

Comments:

Please attach a current photo of the aircraft cockpit instrument panel(s).
